I would like to work on the following committee (in order of preference):

\_\_\_\_\_ **Architectural Control Committee.** Reviewing of applications for architectural change requested by homeowners (patios, awnings, dog runs, etc.), recommending approval or rejection to the Board of Directors). This committee is vital to preserve the architectural integrity of the community.

\_\_\_\_\_ **Landscape Committee.** Works with the management agent to write specifications for landscape contracts, evaluates formal bids, reviews landscaping needs of each phase and makes appropriate recommendations to the Board of Directors. This committee plays a key role in the aesthetic appeal of the community.

\_\_\_\_\_ **Pool Committee.** Assists HOA with coordination of Swimming Pool functions, events, and problem resolutions.

\_\_\_\_\_ **Social/Recreation Committee.** Plans community activities i.e. Easter-egg hunts, Halloween & Christmas Decorating Contest. Movie Nights, welcomes and educates new members and works closely with the newsletter committee and management agent on recreation expense budget. Social interaction brings about a spirit of teamwork

\_\_\_\_\_ **Helping Hands Committee.** Assists with various projects i.e. fence repair, handouts, obtaining signatures, etc for the HOA and for our neighbors. This helps to reduce costs of labor.
